This schedule shows all assessments for **Term 2 (July to December 2025).**

Your formative assessment contributes to your Cumulative Assessment (CASS) mark which is made up of the marks achieved for all formative assessments, including ICE.

Submissions for online assessments is before 23h59 on ARC, with no expectation of student support past 17h00. For the School of Computer Science there are practical modules that require assessment submission on GitHub and ARC. Where indicated on the PAS below, submissions on both ARC and GitHub are compulsory for these modules.

Written Tests and Exams will take place on campus under exam conditions at the date and time specified.

Please note that students who apply for a deferred assessment for the Exam Sitting 1 (First Sitting) or Exam Sitting 2 (Supplementary sitting) will write in the next available Exam sitting. Please refer to the PDIIE009 for the full policy details around deferred assessments.

Please note that Resubmissions for Portfolios of Evidence, Summative Projects, Research Reports and Summative Assignments will not be a new assessment, they will be a resubmission of the reworked original assessment as per the PDIIE009.

Students must accept "the digital student intellectual integrity declaration" for the submission link to be made available.

Any late submission received within 24 hours of the submission due date and time (known as the extended submission period) will incur a penalty of 15% of the overall percentage attained for the assessment. Any submission received after the extended submission period will not be accepted and will be awarded 0%.

You are encouraged to submit at least an hour before the assessment deadline. Remember to keep an electronic copy of your submitted work.

For School of Computer Science, students need to ensure when working on their Virtual Machines (VMs) that they save all work done and completed on their Virtual Machine.

Please note that this Programme Assessment Schedule is subject to change, please check the student portal for the most up to date version.

IIE Bachelor of Computer and Information Sciences in Application Development (BCAD0701) Year 2
07 October 2025 Version 5

Programme code	Mode of Delivery	Module Code	Module Name	Assessment Name	Assessment Date	Assessment Time	Semester	Submission Instruction
				Term 1				
BCA2	Contact	PROG6221	Programming 2A	Portfolio of Evidence (POE) Dean's Resubmission	26-Jan-26	23h59	Semester 3	Submit all assessment files on GitHub and then submit the link only to your GitHub submission on ARC (No ZIP files)
